

Items ALWAYS NEEDED in the Corvette:

- Small Tool Kit with flashlight
- Small Cleaning Kit (Small Bottle of Car Wash, Shimmy, Wipes, Dust Brushes, etc)
- Small First Aid Kit
- 2nd Licence Plate
- 2-way radio with extra batteries

Packing for a Trip? (Trip being longer than a day trip)

- Pack Light!
- Bring Water (So you can take sips every once in a while – Remember we don't want to get dehydrated!)
- Pack in layers and in modules.
- Try to put the stuff you will not need much on the road at the bottom or the back of the cargo area.
- Try to pack loose items in plastic crates. That makes the job of hauling your stuff into the hotel each night easier.
- Bring Sunscreen, dress in light colors, and with sensitive skin you might want to bring a hat.
- Bring Insect repellent
- Charger for 2-way radio

Optional Items (depending upon what you are going to do)

- Ice Chest / Cooler for Water, Soda or/and drinks
- Small snacks for the car (that is if you are allowed to eat in the corvette!)
- Folding Chair/s
- Folding Table
- Insurance certificate from Insurance Agency when traveling to CANADA
