PRESIDENT'S MESSAGE

Hello North Shore Corvettes Family,

What an **amazing September** we had! From start to finish, it was a month filled with unforgettable memories, great camaraderie, and our shared love of Corvettes.

We wrapped up our Cruise Night season in style! Teresa's Grille 19 was the place to be with music, raffles, great food, and plenty of Corvettes on display. A perfect ending to another successful season. Thank you to everyone who came out and made it such a huge success all year long!

We also had some wonderful cruises, our monthly meeting, and plenty of laughs along the way. **Thank you** to everyone who participated, volunteered, and helped make September so special. It's your involvement and enthusiasm that keep our club running strong.

As we roll into October, we have even more to look forward to, including our monthly meeting, our annual **Halloween Party**, and our **Weekend Foliage Cruise!**

Check the **Upcoming Events** page for all the details and be sure to RSVP early.

Let's keep the momentum going and continue to enjoy the beauty of the season, the open road, and the best club around.

See you down the road!

All the best,

Frank Puccia

President

September Recap

What an incredible month September was for North Shore Corvettes! From cruises to great outings, we made memories that will last a lifetime. Thank you to everyone who participated and helped make these events such a success!

RED SOX OUTING – SEPTEMBER 12TH

We had a fantastic afternoon at Fenway Park cheering on the Sox! Great seats, great company, and even better ballpark food made it an afternoon to remember. Nothing beats a little baseball and Corvette friends!

CRUISE NIGHT FINALE – SEPTEMBER 29TH

We wrapped up an amazing Cruise Night season at Teresa's Grille 19! Great music, raffles, food, and an incredible turnout of Corvettes. A perfect way to end the season together. Thank you to everyone who came out all year long!

GREAT CRUISES

September delivered some beautiful driving days and great destinations. From coastal runs to local favorites, it was a month full of top-down miles and unforgettable scenery. There's nothing like the open road in a Corvette!

GATSBY NIGHT – SEPTEMBER 23RD

Our Gatsby Night at the Point of Pines Yacht Club was a roaring success! Great food, music, dancing, games and surprises made it a night to remember. Our members really brought the 1920s to life!

MONTHLY MEETING – SEPTEMBER 9TH

We had a great turnout for our monthly meeting with lots of club updates, event details, and good conversation. Thanks to everyone who attended and contributed.

UPCOMING EVENTS IN OCTOBER

NATIONAL CORVETTE MUSEUM

Report

OCTOBER 2026
submitted by Karen Blandini

Preserving
the Past...
Driving the Future

Collections Facility Grand Opening

The new Collections Facility ribbon cutting ceremony happened on Thursday afternoon, September 3rd, during the Labor Day – 32nd Anniversary celebration event. This is a wonderful advancement for the NCM! Congratulation on continued growth into the future while focusing on preserving the past.

The donors who entrusted the Museum with funds to further preservation efforts and capabilities had a sneak peek at the facility during an invitation-only donor reception. The new Collections Facility will be open to the public for tours in 2027, but this building is more than an expansion; it is an investment in the museum that will last for years to come.

Behind the Scenes

The National Corvette Museum's 66,000-square-foot Collections Facility brings vehicle preservation, artifact conservation, and collection storage together on our Bowling Green, Kentucky, campus. Guided tours offer a closer look at the Corvettes in our care and the work of preserving their history.

Tour Availability

Collections Facility Tours Open January 13, 2027. Tickets will be available online beginning December 1, 2026. Tour availability is limited and all tickets must be purchased in advance. Each Collections Facility Tour ticket includes a guided Collections Facility tour, and a self-guided admission to the National Corvette Museum. Museum admission and Collections Facility admission must be used on the same day.

Know before you go

- All tickets must be purchased in advance. Tickets are not sold at the Collections Facility.
- Please arrive at the Collections Facility 15 minutes before your scheduled tour.
- Collections Facility and Museum admission must be used on the same day.
- Unscheduled attendees are not permitted.
- Tours include extended standing and walking.
- Rollators, electric scooters, and strollers are not permitted.
- Canes and wheelchairs are permitted. Complimentary wheelchairs are available upon request.
- No food or drink is permitted inside the facility.
- Restroom access is not available once the tour begins. Guests are encouraged to use restroom facilities before departure.
- The Collections Facility is an active preservation and collections environment. Children must remain closely supervised at all times.
- Museum staff reserve the right to remove disruptive guests from the tour experience.

HIDN GEM's Corvette

A Museum Delivery Story....

For years, a yellow 2014 Corvette convertible sat hidden beneath tarps, leaves, branches and even lawn chairs through the changing Canadian seasons. There were only 37 kilometers on the odometer and an entire life with America's Sports Car still waiting to begin. Last month, that same Corvette arrived at the National Corvette Museum in Bowling Green, Kentucky, for a delivery day of its own.

A Corvette Hidden for More Than Five Years

HIDN GEM originally belonged to Bob's uncle. When the yellow 2014 Corvette convertible was delivered, it had traveled only 37 kilometers. But Bob's uncle began experiencing dementia and never had the opportunity to truly enjoy the Corvette. Instead of spending its days on the road, the Corvette remained parked for more than five years. Tarps covered it. Leaves and branches collected around it. Even plastic lawn chairs faned their way on top. Through the changing seasons in Canada, the Corvette stayed hidden from view. Bob never forgot about it. A GM mechanic for more than 43 years, Bob was able to purchase the car from the estate and finally give it the opportunity to do what it had been waiting for: be driven and enjoyed. His wife, Laurie, found the perfect way: be put its story into seven characters. She surprised perfect way to put its story plates bearing a new name for the Corvette: "HIDN GEM." The hidden gem had finally been found.

Bringing HIDN GEM to the National Corvette Museum

Laurie and Bob's journey with HIDN GEM eventually brought them from Ontario, Canada, to Bowling Green, Kentucky, home of the National Corvette Museum and America's Sports Car. But this wasn't simply a visit to the Museum. Laurie and Bob brought HIDN GEM for a Museum Experience Delivery, giving their 2014 Corvette a delivery day years after it first left the dealership.

For a Corvette that had spent so much of its early life sitting beneath tarps and debris, seeing HIDN GEM celebrated at the National Corvette Museum marked a fitting new chapter. This time, the Corvette wasn't hidden. It was exactly where it belonged, surrounded by the history, heritage and community of Corvette.

Every Corvette Has a Story

Some Corvette stories begin with an order sheet and a long-awaited build date. Others begin with a set of keys passed from one generation to another. Some involve years of restoration, a search for exactly the right car or thousands of miles spent behind the wheel. And sometimes, a Corvette spends more than five years hidden beneath a tarp before its story really gets started. That is part of what makes the Corvette community remarkable. The cars may share crossed flags, unmistakable performance and a name that has endured for generations, but no two ownership stories are exactly alike.

HIDN GEM arrived at the National Corvette Museum as a 2014 Corvette with an unusual past. It left with something new to add to that history: its own Museum delivery day.

Give Your Corvette Its Own Delivery Day.

Your Corvette doesn't have to be fresh from the factory to have a delivery experience at the home of America's Sports Car. Whether your Corvette has been in the family for decades, recently joined your garage or has a story as unexpected as HIDN GEM, Museum Experience Delivery offers another way to celebrate what the car means to you. Because sometimes the most meaningful delivery day is the one that has been years in the making.

*It's More Than a Car....
It's a Story!*

Honor Those Who Served at Annual Vets 'n Vettes

Veterans, active-duty service members, Corvette owners, and supporters will gather in Bowling Green, Kentucky, November 5-7, 2026, for the National Corvette Museum's Vets 'n Vettes event. Built around Corvettes, community, and recognition of those who have served, the three-day gathering combines time behind the wheel with opportunities to connect throughout the weekend.

Participants will drive their own Corvettes for touring laps at NCM Motorsports Park, explore the roads of South Central Kentucky on scenic drives, and gather for luncheons and a banquet. The track portion is a touring-lap experience rather than a high-speed track event, giving participants the chance to experience the circuit together in a controlled setting.

Join the Bowling Green Veterans Day Parade

The weekend also brings Vets 'n Vettes into the Bowling Green community through participation in the Veterans Day Parade. Corvette owners, veterans, active-duty service members, and supporters will join the community in recognizing the men and women who have served, making the parade an important part of the event's focus on service and shared experience.

Register for Vets 'n Vettes 2026

Vets 'n Vettes takes place November 5-7, 2026, in Bowling Green, Kentucky. A Corvette is required to participate in event activities, and all activities are open to registered participants only. Online registration closes October 16, 2026, at 9:00 AM CT, and no refunds will be available after registration closes. On-site registration will be available during the event in the Wendell Strode Club Room.

CORVETTE NEWS

THE LATEST FROM AMERICA'S SPORTS CAR

2026 CORVETTE: MORE POWER, MORE REFINEMENT

Chevrolet continues to raise the bar with the 2026 Corvette, building on a legacy of performance, innovation and unmistakable style. The 2026 model year brings refinements across the lineup, including enhanced technology, new color options and performance upgrades that keep the Corvette at the top of the American sports car world.

The 2026 Stingray features an even more responsive driving experience, with improved chassis tuning and updated driver-assistance features. Inside, a refined interior with new materials and digital displays keeps the focus on the driver while delivering modern comfort and connectivity.

Same soul. A brighter future.

2026 CORVETTE STINGRAY

"Performance is in our DNA."

ZR1: A NEW AMERICAN ICON

The 2025 Corvette ZR1 has taken the sports car world by storm — and momentum continues into 2026. With a jaw-dropping 1,064 horsepower from its twin-turbo 5.5L LT7 V8, the ZR1 is the most powerful production Corvette ever built.

Built for the track, engineered for the road, the ZR1 showcases what happens when decades of Corvette heritage meet cutting-edge innovation.

**"The most powerful
Corvette. Ever."**

AMERICA'S SPORTS CAR TURNS 73!

On June 30, 1953, the first Corvette rolled off the assembly line in Flint, Michigan. Now, 73 years later, the Corvette continues to inspire generations with its bold design, innovative engineering and unmatched passion.

From the classic C1 to today's mid-engine marvel, the Corvette represents the spirit of freedom, performance and American ingenuity.

73 Years and Still Turning Heads!

NEW COLORS FOR 2026

Chevrolet is introducing exciting new exterior colors for 2026, giving enthusiasts even more ways to express their personality on the road. Among the highlights:

- Roswell Green Metallic
- Hysteria Purple Metallic
- Blade Silver Metallic

These bold new colors join a palette that keeps the Corvette looking as fast standing still as it is in motion.

CORVETTE RACING STILL MAKES HISTORY

The Corvette Racing program continues to shine on the world stage, competing in IMSA and around the globe. Their dedication, technology and teamwork help push Corvette performance to new heights — on the track and in our driveways.

Race Proven. Road Ready.

revised 09/03/2026

TECH TIP OF THE MONTH

CARING FOR YOUR CORVETTE

THIS MONTH'S TIP: BATTERY CARE & MAINTENANCE

Your Corvette's battery is the heart of your electrical system. Proper care helps ensure reliable starts and prevents unexpected problems. Follow these tips to keep your battery in top shape!

KEY TIPS

1. KEEP IT CHARGED

Short trips and infrequent driving can leave your battery undercharged. Drive your Corvette regularly (at least once a week) or use a battery maintainer if it will sit for more than 7–10 days.

2. CHECK CONNECTIONS

Make sure battery terminals are clean, tight, and free of corrosion. A loose or corroded connection can cause starting issues and electrical glitches.

3. AVOID EXTREME TEMPERATURES

Heat is a battery's enemy. Whenever possible, park in the shade or in a garage. Cold weather can also reduce performance, so keep your battery fully charged in winter.

4. LIMIT PARASITIC DRAINS

Make sure all accessories are off before exiting your Corvette. Items like dash cams, radar detectors, and certain aftermarket devices can drain power even when the car is off.

5. TEST REGULARLY

Have your battery tested at least once a year—especially before the start of summer and winter. Most auto parts stores offer free battery testing.

PRO TIP:

If your Corvette will be stored for an extended period, use a battery maintainer and check it monthly.

DID YOU KNOW?

The average battery life in a Corvette is 3–5 years, depending on driving habits and climate.

A weak battery can cause warning lights, reduced performance, and even affect your Corvette's security system.

RECOMMENDED PRODUCTS FOR YOUR CORVETTE

- NOCO Genius 5 Smart Charger (Great for storage and maintenance)
- Dielectric Grease (Protects battery terminals)
- Battery Terminal Cleaner (Removes corrosion safely)

FINAL THOUGHT

A little attention to your battery goes a long way in keeping your Corvette running strong and ready for the road!

*Take care of your Corvette,
and it will take care of you!*
